Dear Meat Processing/Harvest Facility Owner or Manager,

The Wisconsin Association of Meat Processors (WAMP) works for the advancement and improvement of the Meat Processing industry by encouraging and fostering high ethical standards of good business practices in the industry and the cooperation of all engaged in the industry by the interchange of ideas and business methods as a means of increasing efficiency and usefulness of the industry to the general public.

The Wisconsin Association of Meat Processors in a concerted effort with Extension, the Wisconsin Pork Association, the Wisconsin Beef Council, and Wisconsin Department of Agriculture, Trade and Consumer Protection are asking you to complete a short survey about your business. The results of this survey will help guide the educational offerings that WAMP, Extension, and other industry organizations provide to the meat industry, as well as what educational/training content development may be needed for the future. This is your opportunity to tell us what your educational and training needs are.

Please note that this survey is intended for all types of meat processing operations, not just harvest facilities. If you do not harvest animals, but do break down carcasses or boxed primal cuts, we want to hear from you!

Your responses to this survey will be kept anonymous. Your responses will only be reviewed in aggregate to protect your business's privacy.

You can complete the survey online at: <http://bit.ly/WIMeatProcessor> or you can request the paper version.

Please send completed surveys by February 28 via email to sarah.grotjan@wisc.edu or via mail to:

Sarah Grotjan
Extension-Outagamie County
3365 W. Brewster St
Appleton, WI 54914

If you have questions, would like to make further comments or suggestions, or want to know more about how the survey will be used, please contact Sarah Grotjan or Lyssa Seefeldt.

Thank you in advance for providing valuable insight by completing the survey.
